Malcolm Bell, MD (Mayo Clinic, Rochester, USA)
Naoto Inoue, MD (Sendai Kousei Hospital, JAPAN)
Shigeru Saito, MD (Shonan Kamakura General Hospital, JAPAN)

INVITATION

Signature.

It is with great pleasure that we invite you to the 9th Gwangju Interventional Cardiology Symposium (2011 GICS) to be held on June 11, 2011 in Gwangju, Korea.

We are offering a valuable program with real-life applications, speakers who are recognized experts in their field, and topics with many implications for the future. As one of the essence of the 2011 GICS, the scientific program will also feature live case demonstrations on new techniques and strategies in interventional cardiology.

We are honored to have the privilege of implementing this outstanding educational endeavor for you. You will take away invaluable information through presentations from esteemed domestic and international speakers and lively discussions that will heighten scientific awareness and perhaps create new approaches. The yearly conference is also a wonderful opportunity for us to share and exchange novel experiences and promote understanding and friendship among different nations.

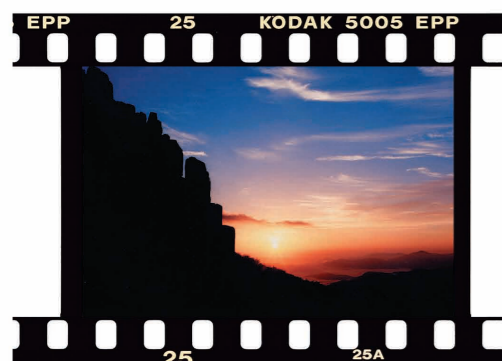

Again, on behalf of the Organizing Committee, we extend to you a most hearty welcome to join us at the 2011 GICS.

Sincerely yours,

Myung Ho Jeong, MD, PhD, FAHA, FACC, FESC, FSCAI
Chairman, Organizing Committee
